

## BUSINESS CREDIT EDUCATION WORKSHOPS

### Essential Information to Help You Understand the Importance of Credit

The workshops are designed to educate you on how to legally resolve your credit problems and obtain information that will help prepare you in the future to apply for a small business loan. The following topics will be discussed in sequential order:

- Credit Report Analysis and Credit Scoring – 09/15/04
- Fair Debt Collection Practices Act and Fair Credit Reporting Act – 10/26/04

According to the Fair Credit Reporting Act, no one can legally remove accurate and timely negative information from a credit report. However, the law does allow you to request a reinvestigation of information in your file that you dispute as inaccurate or incomplete. There is no charge for this. Everything a credit clinic can do for you legally, you can do it for yourself at little or no cost.

*Come to the credit education workshops to learn more about your rights as a prospective or current entrepreneur.*
